

SHIP's WISH LIST

Please consider that we provide direct services to our neighbors, relatives and friends in need right here in the Somerset County Region through the **Samaritan Homeless Interim Program, SHIP.**

The first and foremost item **SHIP** needs to better serve the community is a **VEHICLE.** We are in search of a van that will allow Tom and others to provide transportation to clients and pick up and deliver supplies and donations. Very often clients need a ride to the doctor's, a job interview or even a detox/mental health program.

Please, if you know anyone who can donate a used van for our cause, call 908-725-3260.
